

Prayer Requests

Debbie – Pray for successful surgery on her foot on Feb 17. Pray for wisdom for the doctors and a speedy recovery. Pray also that I can be a witness to all the nurses and doctors that I come in contact with and that God gets the glory.

Prabhu Das (uncle of international partner) - has been in ICU for more than a week with a heart problem. Their family is helpless as they have no one to pray for them

Edward - My wife, **Jen**, will be meeting with a new doctor on Friday. Please pray for encouragement and strength for her and that the tumor would reduce in size. Thank you all for your prayers.

Pray for partner, **Raymond**, to return safely from Afghanistan, where he will be for a year.

Pray for partner, **Marlene's**, friends' (Wilson and Martha's) granddaughter, **Madison**, 5, who has an infection in her only kidney. She also has an ear infection.

Pray for Marlene's friend, **Carol**, who had a cancerous tumor removed. She is not able to keep food down and so she can't go home yet.

Gwladys (international country director)—she has been struggling for 4 weeks now with her health. Note from her husband: *“Please pray that God may give her strength because she always feels very exhausted and kind of hemorrhage is what we face almost every single day. Also we are working hard to restart again our partnerships with different entities around the Country including different governmental ministries. Thanks for your help especially in prayer.”*

Mary: Prayer request submitted by **Obie**. A weekend aide, **Kristi** who is a believer, has an **uncle** who's very sick and dying with cancer. Kristie has taken time off work to care for her.

Melba: I would appreciate your prayers for my **father** who has cancer. The cancer is advanced, and there is nothing more that can be done to cure this disease. My father is 87 years old, and he is a Christian so I know he is ready for heaven. However, it is difficult to watch your parent grow weaker and more frail. Please pray that God will give my mom and our family strength and wisdom as we continue to provide the necessary care for my father. We know God has ordained the number of days for my dad here on earth, and we are trusting Him to give us grace for each day.

Blake: This was an email from one of our partners, **The 99**, a traveling performance art event that highlights the 99 teens that are killed each day due to preventable tragedies: drunk driving, suicide, overdose. “Blake, thank you for sending the youth book of hope to Brownsville TX. All the teenagers took one and were so grateful. Out of the thousands and thousands we gave away, we only found one on the ground and I believe it was dropped by mistake. We had over **12,000 young people** come thru the 99 event, with **3,300 salvations**. Thank you, what a great discipleship tool to put into the hands of young people.” Pray for those who received God's Word.

Melinda: Please pray for my mother's friend **Nancy**. She found out that she has colon cancer and is very depressed.

Linda:

- Good report: Diabetes is under control. Bad report: bone density test reveals Osteoporosis.

- Lorrie Whiddon: needs prayer for finances, health, and for her friend Carlos who is heavy into new-age.

Continue to pray for:

Taiwan: That OneHope work will go forward unhindered by new government regulations.

Papua New Guinea: That OneHope work will go forward unhindered by political unrest.
