TESTIMONY

Beatrice was only eight years old and had already been hospitalized several times. She was born into a poor family, but our partner church often aided them with clothing and gifts. When she was well enough she joined the *God's Big Story Club* and soon came to know Christ as Savior! Then she began bringing her cousins with her and sharing the Gospel with them. Finally, the day came for surgery to address her poor health.

Her club leader spoke with her while she was in the hospital, reminding Beatrice that Jesus would be with her "I know He is with me!" Beatrice said with confidence. "I feel Him in my heart." Her surgery was a success, and today, Beatrice is healthy and joyful in Jesus. She continues to share her faith with family and friends and recently persuaded her mother and grandmother to come to church with her.

On the African island of São Tomé and Príncipe, Vanessa lives with her mother and sister in one rented room of a house. Other families live in the building too, and Vanessa would bully the younger children. Then, a OneHope partner visited the house and shared the *Bible App for Kids* with the children. Vanessa chose to follow Jesus and is learning more about Him. She's behaving better too!
