## TESTIMONY

Adar is from a Muslim family in a majority Muslim nation. He and his family fled from terrorist violence and war, and ended up in a refugee camp. We don't know how Adar came to know Christ as Savior, but we do

know that it was difficult for him after he professed his faith. The 11 year old had been persecuted by his own community but held strongly to his faith, even when he was forced to believe in secret. Adar met a OneHope team in the refugee camp and could now attend service to worship, pray, and receive God's life-transforming Word!

## TESTIMONY

There's not a lot for a 14-year-old to do in the tiny Russian town where Sevan lived so when a Hosanna Plan team announced a three-day sports camp program, he was thrilled! He attended each day, played every game, and enjoyed himself immensely. However, the camp wasn't all games. Sevan received his own *Book of Hope* and chose to follow Jesus as Savior. Despite opposition from his friends, Sevan faithfully attended Bible study and when it came time to go to vocational school joined the local church in his new town. Today he has been invited to be one the leaders of the youth ministry in his new church.

## TESTIMONY

Vormenzo is grateful. Receiving the *Lead Today* program in his neighborhood club, and it made a big impact on him: “It has literally changed my life and my character, showing me strengths and weaknesses and giving me a purpose for the future,” Vormenzo says today at age 20. Now Vormenzo himself works as an assistant in youth ministry, helping other young people come to know Christ and learn to be leaders, too.
