

Meet Tando

Thank you for being a generous church! Through your generosity, we're able to provide God's Word to children around the world with OneHope, an international ministry equipping local churches to share God's Word with the next generation. Children and youth receive the Gospel message in a relevant format to bring them hope...and lives like Tando's are being changed. You'll be amazed at her story.

Tando lives in Lesotho, a country in Africa, and she had a difficult life for being just a teenager. Her father died. Her mother abandoned the family, and Tando was overwhelmed by the pressure to provide for her younger siblings. "Why can't I be like any other kid? Why am I forced to be the mom?" she wondered.

A friend invited Tando to a small group gathering, where a OneHope partner gave her much needed groceries. She also received *Journey to Hope*, a printed resource that shares the story of Jesus created by OneHope. Tando learned that she can rely on God. Now she has hope for a brighter tomorrow. "Hope started to fill my heart," Tando says today. "I felt such relief that God is watching over me....He will never leave me nor forsake me." Thank you, church family, for bringing hope to children like Tando through the Good News!
